

We've built a quality provider network, the Oscar way.

Get the care you need when and where you need it.

Oscar's 2017 CA network is designed to make it as easy as possible to navigate the complexities of healthcare. We have created an integrated and carefully curated network of 27 hospitals. Key hospital system partners include UCLA Medical Center, St. Joseph Hoag Health, and UCSF Hill Physicians Group. These network partners provide:

- Excellent access across specialties and geographies
- A shared commitment to offering Oscar members a seamless care experience
- Great care and great value

Oscar's network is more than just a collection of doctors and hospitals. It's an integrated system designed to get members the care they need, when and where they need it. By working closely with our partners we are able to offer members services other health insurers can't match:

- Members talk to a Concierge Team member every time they call
- Detailed information to help members select the best doctor for their specific needs
- Automated alerts to a member's PCP if they visit the Emergency Room

Want to search for a specific doctor?

Search by specialty, location, or procedure using our online provider search tool at: <https://www.hioscar.com/search/CA/doctors>. Our full 2017 provider directory will be available on September 30, 2016. Providers can go to [hioscar.com/providers](https://www.hioscar.com/providers) to learn more and request to join the Oscar Network.

Outside of our network, Oscar's plans also provide members with access to:

- Unlimited 24/7 free calls with Doctor on Call
- 60,000+ pharmacies nationwide
- In-network Urgent Care nationwide
- Emergency coverage worldwide

We've built a quality provider network, the Oscar way.

The 2017 Oscar California Network.

Oscar is proud to partner with UCLA Medical Centers, St. Joseph Hoag Health, and UCSF Hill Physicians Group to provide access to some of the best providers and hospitals in the LA and Bay Area in 2017. Oscar's plans cover care received with doctors and hospitals in our network, and you never need a referral. Out of network care will not be covered except in the case of an emergency. Search our directory of doctors, hospitals and more at <https://www.hioscar.com/search/CA/doctors>.

- UCSF Medical Center at Parnassus
- One Medical Center

What's covered when you need care away from home?

Members can access great care across the nation.

Oscar plans cover care with doctors in your area, but when you're away from home, you still have options for care. See below for details on how to get care for everything from common issues to emergencies.

Talk to a Doctor For Free 24/7

Not feeling well? Talk to a board-certified doctor for free over the phone 24/7 for advice on common conditions like sinus infections, pink eye, or the flu.

When You Need An Rx

Get prescriptions filled (or re-filled) at any one of Oscar's national pharmacy partners including CVS, Walgreens, Rite-Aid, WalMart, and many more.

When It's Urgent

For things like cuts, sprains, and other non-life-threatening issues, visit an urgent care center in our nationwide network. We'll cover your visit as if you were home.

In Case Of Emergency

Accidents happen. If there's a life-threatening emergency when you're away from home, don't panic. Visit the closest emergency room and it's covered.
